Some of our other services:

Board Development Support

Maddison Pine offers a Board Development Support Programme that is designed to support organizations through year-round board development. The programme includes development of corporate governance frameworks; development of best practice templates for performance reporting to the board; board processes; coaching for board committees; and board training.

Board Evaluation

Global Governance Good Practice recommends that all Boards must conduct an annual board evaluation. ***“No matter how good a board is, it's bound to get better if reviewed intelligently.”*** Our board evaluation services are designed to help Chairs and/or CEOs appraise their board and reassure stakeholders of its efficacy; identify current board strengths and possible areas for development.

Applying simple standards and principles of governance can radically improve the effectiveness and performance of boards. Successful Boards improve their organisation's performance.

Board Smart

Boards depend on high quality information to make strategic decisions and to steer the organisation. Transform your board into a strategic learning board by adopting our Board Smart product that uniquely combines your electronically enabled board pack and annual work plan.
